

Nepalese Leaders Praise the Himalaya Campaign!

A memorable mega city campaign has wound down in the Himalaya Mountains. At the call center over 40,000 calls were logged. By the time the campaign was over almost 500,000 Nepalese had visited the "Power To Change Nepal" website.

Three weeks after the campaign 5,000 Nepalese continue

to visit the site every day. In Katmandu Valley alone 5,000,000 people were reached with the Gospel.

Another 20 million people live in the Himalayas and need to be reached with further campaigns. Below Nepalese pastors express their thoughts about the campaign.

Bishop Samuel Bomzon

– This mega city media campaign is a new concept for churches in Nepal. It was the right decision to get involved. This has been a great opportunity for outreach. Thank you for supporting the churches of Nepal in this way!

Pastor Pradeep Jha

– This campaign has exceeded all our expectations. New people are flowing into the churches everywhere. We clearly see that it is needed. It came at the right time.

Pastor Jhakendra Rai

– This is a new way to preach the Gospel. All congregations in the Katmandu Valley are on board. Your investment has borne precious fruit!

Pastor Narayan Timsina

– People from all over Nepal have called the call center. This campaign has touched not only Katmandu but all of Nepal! It has aroused a hunger and a longing in the hearts of the people. We have been greatly blessed!

Pastor Hanna Gurung

– Thank you for your prayers and for giving financially to this campaign. It's been very challenging. Many lives have been changed as a result. May the Lord bless you.

Pastor Loknath Manaem

– We are talking about vision for the lost in Nepal. We thank the Lord that He has touched your hearts so that you have given and prayed for this campaign. It is a sign for us that you really care for souls in Nepal.

Pastor Manoj Pradhananga

– This is a new way to proclaim the Gospel to multitudes in our mega cities. Many have heard the Gospel for the first time because of the media. On TV they have seen people whose lives have been dramatically changed. You have given the churches in Nepal a new vision.

Pastor Norbu Tamang

– This is a great moment for Nepal! The power of the Gospel has touched many lives. One month is not enough. The campaign must continue. There are so many cities that still need to be reached. Thank you for sacrificially giving to this Himalaya campaign!
